Fourteen out of the nineteen motorcoaches in our fleet are equipped with seatbelts.

Communication

All buses have GPS tracking devices and cameras that are accessible for the dispatcher to view. The GPS gives exact coordinates on Google Maps and allow the dispatcher to see mile markers as well as determine if the bus is in motion.

ADA Accessibility

OK TOURS' fleet consists of two buses that are wheelchair accessible. In the event that both buses are reserved we will follow the guidelines set forth by the ADA Act to ensure the client receives the proper assistance needed in order to be accommodated.
